VOLLEYBALL

Another great month of volleyball! All of our teams have improved so much and we are so proud of the hard work they have put into practices. With only two months left in our club season, we need to continue the intensity and keep striving to improve to finish strong.

Best of luck to our teams at their upcoming events:

March 6th - 14s tournament

March 12/13th - 14 Elites Champions Tourney

March 13th - 12s, 13s tournament

Thank you to all of our parents for being so supportive and helpful at our tournaments. You've made these strange circumstances so much easier and we appreciate all of the kindness you show to the staff, to our athletes, and to our coaches!

Amber Day- Director of Volleyball operations 14 and younger

Hey KONGO Volleyballers! We want to celebrate our amazing players on working so hard and doing great things at their tournaments. Congrats to our 16 Black team as they took home GOLD in the February 13th tournament! They ended up moving up a division for their next tournament and competed hard, It is so exciting to watch the growth and development. In the February seeding tournament, our 15 Black team won first place in the silver division and our 15 Red team took 3rd in the Gold bracket. We love the resiliency of our teams and the effort they give to everything they do. Keep working hard!

April Painter- Director of Volleyball operations 15 and older

BASEBALL

They said it would just take 14 days to stop the spread and we will be back to normal! Now almost a year later I am still wearing a mask at an outdoor game! March 1st 2021 our KONGO 14U Black team is the first team in our organization to begin their season. It was a cool 37 degrees as the home team took the mound at Cate Field on the campus of SLCC. What an honor it is for them to play in this invite only league. They will be facing the top 12 ranked teams in their age group. Good luck KONGO 14U BLACK team this season!

The rest of our program will play in some form in the coming months! From tournaments to multiple leagues, we are very lucky to be playing baseball this year and actually beginning play early on...

We look forward to coming together as an organization no matter what happens on the diamond to cheer each other on. When Chaz Walker asked to come on as Director of Baseball Operations over a year ago, I would have never guessed how awesome those that have come into the organization would touch my life, hoping I have brought a little happiness and joy of baseball into them.

-JASON PETERSON, Director of Baseball Operations

THANK YOU!

BOYS BASKETBALL

With Winter coming to an end soon, all the coaches have been super excited to see the progress in all the kids and teams. We are looking forward to the spring and summer to continue the development. Also, the High School/Travel Team tryouts are coming up and we can't wait to get in the gym with our older guys and get ready to compete all over the country. Keep working and trusting the process, all journeys are not the same and all development is not the same, but if you continue putting in the time the improvements will be more noticeable faster.

Shaun Green, Director of Boys Basketball Operations
