## VOLLEYBALL

Tournament Season has arrived!! We are so excited to compete and put all of our hard work into action. Please remember to follow the guidelines set by each facility and send your athlete with everything they will need for the duration of their tournament. Our coaches will still be working hard to drill rotations into our athletes over the next few weeks, so that they are completely ready for go time. Please stay tuned for an email from me that will have instructions on how you can watch the live-stream option for games. You are welcome to share this link, so that even Grandma & Grandpa across the country can watch your kid. If you are lucky enough to be in a gym watching your athlete, please remember to respect the officials and reffing teams. The reffing teams are kids and will sometimes make mistakes, as we all do. So be kind and patient and remember that you are representing KONGO.

Looking ahead:

- Jan 9<sup>th</sup>- Harold Buckner Warmup Tournament
- Jan 22-23 – Blizzard Seeding Tournament
- Jan 29-30 – Frozen Seeding Tournament

IMPORTANT: Please continue to inform your coach of tardies and or absences as this helps them to better plan their practices.

Thanks for your continued support! GO KONGO!

## **BASEBALL**

Hello Baseball World, can you believe that spring is right around the corner... With that being said team placements will be held the week of January 18th to 21st. Please go and register @www.kongosports.com. With Spring coming we want to set some dates out there... League will play will begin April 17th, and before that time we would like to see teams participate in at least one tournament before that time. So coaches will work with each team to look at which tournament is best to attend. Also at this time check to make sure uniforms are ready and you have all pieces to begin play in the spring.

## **BOYS BASKETBALL**

Happy New Year everyone! I hope you enjoyed the holidays and the little break. Myself and the rest of the coaches are so excited to be back in the gym with the boys, we want to make this seasons focus on individual and team growth, and learning to compete whether we are winning or losing. We want the boys competing to the best of their abilities until the last second of the game. We have a couple more weeks to finish the fall league with some teams. After they finish we will be looking at each roster and possibly moving kids around trying to continue to challenge and push each of your kids to be the best they can be. I am excited for 2021, it will be the best your of KONGO yet!

***Shaun Green, Director of Boys Basketball Operations***
